### Parent Permission Form for Service Trips Spring and Summer 2009

I understand that my child, who has completed at least his or her sophomore year, will have an opportunity to enter into a random selection process in order to participate in a service trip, and that I must approve (by September 22, 2008) any service trip for which s/he would like to be considered. I also understand that while service trip grants are offered to those students who receive financial aid for their tuition, these grants only cover ten to fifty percent of the cost of a service trip. In addition, I am aware that by October 3, 2008, my child must also turn in a separate essay/application to Box 4104 for each project in which s/he is interested.

Student Name: \_\_\_\_\_ Parent Signature: \_\_\_\_\_

The service trip that we are planning to offer in spring and summer of 2009 are listed below. Please indicate (by circling "yes" or "no" *and* initialing all responses) any and all service trips in which you would allow your child to participate, should s/he be selected. Space is limited; students will participate in a random drawing for a spot on a service trip. Note: all costs are approximate at this time and specific dates are not yet available. As a general rule, service trips that take place over spring break depart shortly after exams and run the duration of the break. Summer service trips start within a few days after the last day of exams and run two to three weeks.
